

The online membership directory is the central point of connecting and doing business with fellow members. We are pleased to offer enhancements to your online membership directory listing including **logo recognition**, **ad words**, **video content**, **blog posts** and more!

Enhance your membership listing today!

To ensure that your listing is up-to-date, please take a moment to visit the online membership directory at www.jtownchamber.com.

If you need to update your information please email Katherine@jtownchamber.com.

All listings include one category (see list below) and one **free ad word**. Ad words are descriptive terms that expand on your category listing, and you can purchase additional ad words to make it easier for people visiting the directory to find your listing!

For Example: The Chamber Jeffersonstown would have “Business Development” or “Networking” as their ad word. If your company falls under the “Financial” category your ad word could be “personal banking,” “loans,” or “accounting” depending on your area of finance.
