

We are all in this together. At Encore Wealth Management Group, we have some complimentary resources to assist your employees who have either experienced or will be experiencing a layoff. These include:

- Employer-sponsored plans
- Distribution rules
- IRAs
- COBRA Coverage
- The Patient Protection and Affordable Care Act
- Unemployment benefits
- Dislocated worker assistance

We can also offer a no obligation consultation with a financial advisor who will develop a cash flow analysis that will take into consideration:

- Temporary or contract work income
- Bank deposits
- Severance payments
- Unemployment benefits
- Cash value life insurance
- Debt management

Let me know how we can help. We want to be the first responders regarding an individual's unique financial concerns.

Regards,

Greg Clark
